LinkedIn

Professional Summary

B.Tech graduate in Artificial Intelligence and Data Science with hands-on experience in data analysis, data cleaning, visualization, dashboard development, KPI tracking, and business intelligence. Proficient in Excel, SQL, Power BI, Tableau, and Python, with practical experience analyzing datasets, identifying trends, and developing data-driven reports. Strong ability to transform complex data into actionable insights that support business decisions, performance monitoring, and process improvement. Seeking an entry-level Data Analyst role to apply analytical and technical skills in a data-driven organisation.

Technical Skills

- **Tools:** Excel, Power BI, Tableau, SQL, Google Colab, ChatGPT, Claude pro
- **Programming:** Python, R
- **Data Analytics:** Data Cleaning, Data Visualisation, KPI Tracking, Dashboard Development, Reporting
- **Soft Skills:** Analytical Thinking, Communication, Problem Solving, Team Collaboration

Experience

Data Analyst Intern — OutriX

Jun 2025

- Extracted, cleaned, and analyzed datasets using Excel, SQL, and Python
- Identified trends and insights to support business decisions and reporting
- Assisted in KPI tracking and performance reporting activities
- Improved data accuracy through validation and cleaning processes

Power BI Intern — Cognifyz Technologies

Jun 2025

- Built interactive dashboards and reports using Power BI
- Created visual reports for monitoring business performance metrics
- Worked with datasets from multiple sources for reporting purposes
- Supported reporting automation and dashboard optimization

Chief Executive Officer — IEDC MESCE

2025 – 2026

- Delivered a hands-on training session on Introduction to Data Analysis using Power BI for IEDC members.
- Coordinated reporting and data-driven planning for institutional events
- Analyzed participation metrics and engagement trends
- Collaborated with teams to improve operational reporting processes

Projects

Movie Recommendation System

- Analyzed movie datasets and built recommendation models using Python
- Created visual dashboards to represent user preferences and trends

Vocalive – AI Spoken English Tutor

- Developed a web application with user performance tracking dashboards
- Analyzed learning progress data to improve user experience

Education

B.Tech in Artificial Intelligence and Data Science

MES College of Engineering, Kuttippuram

2022 - 2026

CGPA : 8.02

Certifications

- Power BI Internship Certification – Cognifyz Technologies
- Data Analyst Internship Certification – OutriX
- From Data to Intelligence – ML & DL Workshop
